

SYMPOSIUM INVITATION

ALPINE SEED AND PLANT ECOLOGY IN THE AUSTRALIAN ALPS

Thursday 12 June 2014, 13:30 - 18:00

Crosbie Morrison Building, Australian National Botanic Gardens, Clunies Ross St, Acton ACT

Please join us for a half-day symposium on current and future research directions. The symposium will present work arising from research labs around the country including the outcomes of ANU/ANBG Australian Research Council linkage grant on alpine seed and seed ecology. Researchers will have posters on display and will be available to discuss their work.

The critical role of partnerships among the community; conservation, restoration and management practitioners; researchers and industry in maintaining a resilient alpine plant community will be a key focus of the day. The symposium will be opened by Dr Judy West, Executive Director of the ANBG and conclude with a panel discussion including representatives of the above groups, followed by informal drinks.

Confirmed speakers include

- Professor Ary Hoffmann (Melbourne Uni.)
- Associate Professor John Morgan (La Trobe Uni.)
- Associate Professor Adrienne Nicotra (ANU).

REGISTRATION

Spaces are limited and will be allocated on a first come basis. There is no registration fee. To register please email alpsymposium@friendsanbg.org.au no later than **29 May 2014**.

Please include your name, organisation, contact details and let us know whether you are interested in joining us for dinner, at your own expense. Dinner will be at a location convenient to the ANBG; arrangements will be confirmed at the symposium.
